**Announcement of “Health and Productivity Enterprises ~ White 500 ~” Selection
for the Second Consecutive Year**

Resorttrust, Inc. (“the Company”) announces that it has been selected as one of the enterprises in the “Health and Productivity Enterprises 2018 ~ White 500 ~” list, jointly certified by the Ministry of Economy, Trade and Industry and the Nippon Kenko Kaigi. This is the second consecutive year that the Company has been selected.

The Health and Productivity Enterprises Certification System recognizes enterprises that make exceptional efforts in employee health management, based on initiatives tailored to regional health challenges and initiatives for health improvement promoted by the Nippon Kenko Kaigi.

In order to truly realize the Group’s philosophy of becoming an Excellent Hospitality Group, we value talented personnel who are healthy, both physically and psychologically, and are able to make the most out of their lives. Based on this conviction, the Group formulated “The Resorttrust Group Declaration of Health and Productivity” in January 2016, as part of efforts to improve the working environment, including reduction of long working hours and eradication of harassment, as well as efforts to raise the personal health awareness of employees.

In fiscal 2017, in order to improve the working environment, we started workplace patrols by inviting external specialists in workplace health and safety. Other initiatives included the introduction of the “Health Point Program,” whereby employees earn points for taking exercise to promote health and for receiving health checkups, and an internal campaign in which employees compete on the number of steps walked. Through these initiatives, we are striving to enhance employees’ health awareness so as to improve their health with the aim of creating a working environment where employees can work enthusiastically and fully utilize their skills.

Through its business activities, the Resorttrust Group will contribute to creating lifestyles that allow all the people connected with the Group to live their lives to the fullest.
